Membership of the LPI helped keep my thinking fresh through access to a wide network of L&D professionals across a variety of sectors and excellent resources about new advances in learning and development. The chance to connect with peers and make use of LPI innovations like the Capability Map, CLO Connect and the LPN help ensure my team are equipped to face the future.

Membership of the LPI ensures I remain connected to a wide network of L&D professionals and beneficial resources which help to keep me up to date on the latest developments within the industry. The breadth and variety of sectors covered is exceptional and there is much to learn from outside of an individual’s normal sphere of influence. The opportunity to connect with peers and industry thought leadership, plus the benefits from LPI programs are simply invaluable.

Graeme Phillips FLPI, Senior Manager Product Training EMEA & JAPAC, Oracle

Membership of the LPI has provided me with valuable connections, resources and insights that I simply couldn’t have obtained in other ways. I have also had the honour to be involved with judging the annual Learning Awards for some years. These offer the top accolades for professionals in the field.

Gaining professional membership with the LPI is a significant milestone. At its core, it’s an acknowledgment of the diverse and complex role adopted by modern learning and development professionals.
